

Discovery Class Home Learning

Terms 1 & 2

Through this project, they will be able to:

- Encounter features relating to the natural environment
- Respond to activities in the natural environment

In order to consolidate their school learning we invite students to try some of these fun activities at home

Encounter an activity relating to air, water, plants or animals

- Respond to a water mist
- Respond to a fan
- Respond to the touch of leaves
- Respond to the texture of soil
- Respond to a pet or therapy animal in close proximity

Focus on objects relating to the natural environment

- Wind blowing through leaves or trees
- A plant
- A box of dry leaves
- Flowing water
- Hard ground
- Mud

With support, engage with items when fully prompted

- Filling pots with soil
- Planting seeds
- Watering plants
- Snapping twigs
- Stroking a pet or therapy animal
