

The Quick Start window offers different ways for learners to begin working.

The screenshot shows the Clicker7 Quick Start window. The window title is "Clicker Explorer" and it is logged in as "Miss Jones as Billy". The main area is titled "Quick Start" and contains several options: "Start writing", "Make a Clicker Board", "Make a Clicker Book", "Favourites", and "Recents". On the right side, there is a "Class" dropdown menu set to "Miss Jones" and a "User" dropdown menu with "Billy" selected. At the bottom, there are links for "Make a Clicker Set" and "Training".

Annotations with red arrows:

- Click the **Files** tab to access your shared files and the free resources from LearningGrids.** (Points to the "Files" tab)
