Presented By
Early Years Team

Target Audience

Early Years practitioners working in PVI settings and maintained nurseries.

Workshop Objectives

In this **full-day** workshop participants will increase their understanding of what 'complex needs' means when applied to two-year olds in a mainstream pre-school environment. Participants will explore the use of effective systems to enable appropriate planning for individual children with complex needs and increase their understanding of differentiation strategies for this cohort.

Workshop Content

In this **full-day** workshop we will discuss:

- Brain development
- The typical two-year old
- What are complex needs?
- Other agency support
- Planning for complex needs
